ORDER:-

In the letters read above, the Chief Engineer, Minor Irrigation submitted an estimate for Rs.827.00 lakhs for the work “Improvements to Haldi Vagu Project, Hakeempet Village, Yeldurthy Mandal, Medak District” stating that the Haldivagu Project was constructed across Haldivagu during the year 1988 to irrigate an ayacut of 2900 acres in Khariff season under two main canals i.e. Left main canal of length 15 Kms and Right main canal of length 24 Kms. The existing soil strata is of sandy and loamy in nature and heavy seepage has been already observed through the canal banks for the last several years. Hence water has not reached to the major lengths of the canals resulting development of huge gap ayacut. The present irrigation under the Project is 918 acres Khariff i.e. average gap ayacut is 78% considering the last 5 years irrigated ayacut. In order to bridge the gap ayacut under this Project, improvement works are proposed to the entire canal system by restoring the canals to original standards. Hence he has requested to accord administrative approval for 827.00 lakhs for the above work.

2. Government after careful examination of the matter, hereby accord administrative approval for Rs. 827.00 lakhs (Rupees eight hundred and twenty seven lakhs only) for the work “Improvements to Haldi Vagu Project, Hakeempet Village, Yeldurthy Mandal, Medak District”

3. The expenditure sanctioned in para 2 above, shall be debitable to the Head Account “4702 COL on M.I. – MH 101 - Surface Water – GH 11 Normal State Plan – SH (12) – Construction & Restoration of M.I sources – 530 Major Works - 531 Other Expenditure”
